Dear Admissions Office,

I hope this message finds you well.

I am writing to express my interest in applying for the Bachelor's degree program in Economics. I would like to confirm my intention to pursue this program and to inquire if there are any additional steps required to complete the application process.

At present, I am studying Economics and have developed a strong interest in subjects such as global markets, financial systems, and economic analysis. I am eager to further enhance my academic knowledge and practical skills in this field. I believe that your university offers a high-quality academic environment that supports students' professional growth and future career development.

Please let me know if any additional documents or information are needed from my side.

Thank you for your time and consideration.

Kind regards,
Aziza
